SUMMARY

Dedicated computer science professional with a deep enthusiasm for artificial intelligence (AI) and machine learning (ML). Equipped with proficiency in programming, algorithmic design, and data analytics, I focus on designing innovative solutions to address intricate challenges. My hands-on experience in developing robust software systems, paired with expertise in advanced deep learning frameworks, enables me to drive the creation of state-of-the-art AI technologies and propel advancements in the field of artificial intelligence.

EDUCATION

IBA, UNIVERSITY OF DHAKA

Masters in Business Administration
2025 - ongoing

BUET

Bachelor's Degree in Computer Science
and Engineering 2020 - 2024

SAINT JOSEPH HIGHER SECONDARY SCHOOL

Major in Science
2016 - 2018

SKILLS

- Great analytical and problem solving skills
- Data visualization and processing
- Adequate expertise in natural language processing
- Strong organizational skills
- Exceptional communication and interpersonal skills
- Ability to work independently and as part of a team
- Detail-oriented
- Strong time management skills
- Experience in managing budgets
- Able to multi-task

LANGUAGES

- Bangla (Native)
- English (Fluent)
- Hindi (Fluent)

PROFESSIONAL EXPERIENCE

Research Assistant, Artificial Intelligence (2023-2024)

BUET

- Taught computer systems
- Converted machine learning models into APIs
- Researched and improved data science prototypes
- Oversaw product infrastructure and AI project development
- Optimized algorithms for better performance
- Collaborated with cross-functional teams on AI innovation

Executive Assistant, Business Development(2021-2022)

Reliance LTD

- Attracted clients by innovating and overseeing sales process for business
- Developed opportunities with strategic agent partnerships
- Convinced clients to purchase added offerings

Social Media Manager (2018-2020)

APEX

- Created blog content for marketing purposes
- Produced promotional assets for social media
- Boosted customer interaction
- Developed and executed social media strategies to support business objectives
- Crafted compelling copy to drive brand awareness
- Analyzed social media performance to optimize engagement and reach

COMPUTER SKILLS

- Microsoft Office
- Python
- C ++
- JavaScript
- Django
- Java
- Spreadsheet
- Slide presentation
